

## Messengers of Love Medical Mission for Burned Victims

### Announcing...

Dear MoL Friends,

We are happy to announce that MoL will be supporting a new program this year: **Medical Mission for Burned Victims** program.

Led by Dr. Hoang Anh Truong, DDS of Austin, Texas, a group of surgeons, dentists and other specialists from various parts of the USA will be traveling to Vietnam at the end of October 2010 to operate and perform corrective surgery for over 80 cases of third degree burned victims. Many of these victims are children from poor families in rural villages, which we will need to provide shelter, food and supplies.

This is an important mission which requires your support. For the first time in the Austin area, MoL is planning a Fall Benefit Drive on October 16, 2010 to celebrate the arrival of Fall and to fund raise for our programs, specifically the Medical Mission program. The fund raising event will feature light dinner, music, entertainment, free dancing lesson and social dance at **Go-Dance Ballroom Studio**, 2525 W. Anderson Ln, Suite 530, Austin, TX.

Messengers of Love cordially invite you and your family to come celebrate with us in Austin, TX. It's a beautiful time of the year with the leaves turning color in the Texas hill country. We are planning a sight seeing trip for our guests if you would like to join us. Please view the attached invitation and let us know how many seats you like to reserve.

Also, we are looking for donation and financial sponsorships and would like to invite you to become our event's sponsor. Your kindness will go a long way and will be appreciated by many. If you choose to become a sponsor, the sponsorship will be tax deductible. Please note that your sponsorship will also be announced on the radio before and after the event. We hope you will decide to come join us and sponsor our event and projects. If you have any questions, please feel free to contact Mr. David Nguyen at 512-585-6792, or Ms. Linhda Le at 512-574-9887, Ms. Theresa Tran at 832-647-7233 or email us at [MoL.Austin@gmail.com](mailto:MoL.Austin@gmail.com).
